to _____ *which is the point of intended use.*

Cancelled FEB 10 1911 for failure to file proof of beneficial use.

Emmett D Boyle
State Engineer.

APPROVAL OF STATE ENGINEER

The number of this permit is 55.

Date of receipt of first application March 22, 1906.

Returned to applicant for correction March 23, 1906.
Refiled March 29-1906

Recorded in book "A", *page* 55.

Approved July 10, 1906.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than one *cubic feet per second.*

The construction of the within described works to be commenced not later than Sept. 1, 1906

One-fifth of the work above specified to be completed on or before January 1, 1907

The whole of said work to be completed on or before Sept. 1, 1907

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to Sept. 1 1908

Witness my hand this tenth *day of* July, 1906.

Henry Thurtell
State Engineer.

REMARKS

Type written copy to be appended

This water is diverted upon unsurveyed ground rendering the description of the points of diversion and return somewhat indefinite and uncertain; but it is hereby made a part of this permit that the water diverted shall be returned to the stream above all present diversions and that its use for milling shall be such that its value for the purposes for which it is now used will not be impaired.

Henry Thurtell.
