to \_\_\_\_\_ which is the point of intended use.

APPROVAL OF STATE ENGINEER

The number of this permit is 130.

Date of receipt of first application June 22, 1906.

Returned to applicant for correction \_\_\_\_\_, 1906.

Recorded in book A., page 130.

Approved Oct. 12, 1906.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than 2 1/2 cubic feet per second.

The construction of the within described works to be commenced not later than April 1, 1907

One-fifth of the work above specified to be completed on or before Sept. 1, 1907

The whole of said work to be completed on or before April 1, 1908

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to April 1, 1909

Witness my hand this twelfth day of October, 1906.

Cancelled SEP 19 1910 for failure to file proof of beneficial use.

State Engineer.

REMARKS

Nothing in this permit must be so construed as to warrant the use of the water herein allowed for other than mining and milling purposes and its user must return the water to the natural channel of the stream by the most direct, practical route undiminished in quantity and uninjured in quality for the use at present made of this stream.

Henry Thurtell
