to \_\_\_\_\_ which is the point of intended use.

### APPROVAL OF STATE ENGINEER

The number of this permit is 43.

Date of receipt of first application Nov. 18, 1905.

Returned to applicant for correction Nov 18, 1905.

Recorded in book \_\_\_\_\_ "A", page 23. *Received as amended Jan 9, 1906*

Approved April 13, 1906.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than all the flow of springs described cubic feet per second.

The construction of the within described works to be commenced not later than July 1, 1906

One-fifth of the work above specified to be completed on or before Jan. 1, 1907

The whole of said work to be completed on or before July 1, 1907

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to September 1, 1908.

Witness my hand this thirteenth day of April, 1906.

Henry Thurtell

State Engineer.

#### REMARKS

*Type written copy of process to be amended & signed*

It is understood and agreed between the applicant and the State Engineer that the waters of these springs shall be so diverted by means of open boxes or other devices that it shall at all times be convenient for travelers and prospectors working in the vicinity of these springs to avail themselves of the use of whatever may be necessary of these waters for drinking purposes.
