APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source and with the condition that the water must be returned to the stream by the shortest practicable route after use, and with the tailings or debris restrained or impounded so as not to interfere with other users on the source. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One (1) cubic feet per second.

Actual construction work shall begin on or before August 29, 1916.

Proof of commencement of work shall be filed before September 29, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before August 29, 1918.

Application of water to beneficial use shall be made on or before October 29, 1919. Proof of the application of water to beneficial use must be filed with State Engineer on or before November 29, 1919.

Proof of labor filed SEP 20 1916

WITNESS MY HAND AND SEAL this 29th day of May, 1916.

See permit No. 4262 to change point of diversion and place of use.

Canceled Feb. 16, 1920

W. M. Kearney
State Engineer.
