APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Eight tenths cubic feet per second. (0.8)

Actual construction work shall begin on or before September 13, 1916.

Proof of commencement of work shall be filed before October 13, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before September 13, 1917.

Application of water to beneficial use shall be made on or before September 13, 1919. Proof of the application of water to beneficial use must be filed with State Engineer on or before October 13, 1919.

Proof of labor filed OCT 13 1916

Map filed DEC 11 1916

Proof of completion of work filed. SEP 20 1917

Approved 4/22/21 because of failure of applicant to comply with proof of permit.

WITNESS MY HAND AND SEAL this 13th, day of June, 1916.

W. M. Kearney

State Engineer.

J. G. Scrugham

State Engineer
