Length of ditch is one miles, and crosses the following quarter sections: Heads N.W 1/4 and crosses S.E 1/4 sec 12 T. 17 N, R 19 E. part of S.W 1/4 S.W 1/4 sec 7 T. 17 N., R 20 E

to Quartz Mill SW1/4 SW1/4 sec 7 T. 17 N., R. 20 E which is the point of intended use.

APPROVAL OF STATE ENGINEER

The number of this permit is 39.

Date of receipt of first application Jan 29, 1906.

Returned to applicant for correction Jan 29, 1906.

Recorded in book A, page 39.

Approved Nov. 10, 1906.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than six cubic feet per second.

The construction of the within described works to be commenced not later than Jan. 1. 1907

One-fifth of the work above specified to be completed on or before May 1. 1907

The whole of said work to be completed on or before Jan. 1. 1908

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to Jan. 1. 1909

Witness my hand this 10th day of November, 1906.

Protested. Apr-13-1906
W. L. R. & G. C. D. Co.

Harry Thurtell
State Engineer.

REMARKS

Nothing in this permit must be so construed as to prejudice the rights with the right heretofore enjoyed by the Washoe Lake Reservoir and Galena Creek Ditch Co. to take sufficient water from Galena Creek through their Galena Creek Ditch during the months of October November December January February March and April of each and every year so that the Washoe Lake Reservoir fed by the waters brought by this ditch and other supplemental streams may be filled to the limit of its capacity by the first day of May of each and every year.

Cancelled AUG 9 4 1911 for failure to file proof of beneficial use.

Map filed - 1906 Mar-8
