to irrigable land above described which is the point of intended use.

APPROVAL OF STATE ENGINEER

The number of this permit is 4.

Date of receipt of first application June 20, 1905.

Returned to applicant for correction _____, 190 .

Recorded in book 17, page 4.

Approved October 15, 1905.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than 100 cubic feet per second.

The construction of the within described works to be commenced not later than

December 1st 1905

One-fifth of the work above specified to be completed on or before Oct. 1, 1906

The whole of said work to be completed on or before Jan. 1, 1908

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to Oct. 1, 1910

Witness my hand this 15th day of October, 1905.

Henry Thurtell

State Engineer.

REMARKS

It is recognized and understood by the applicant and by the State Engineer, that the ordinary flow of this stream, during the irrigating season, is already largely appropriated. It is distinctly understood that this application and permit are for the use of surplus water and that no water should be taken from the stream under this permit unless there is sufficient water in the stream to satisfy all prior rights. The right of the U. S. Government to its appropriation for the Truekee-Carson Canal, is hereby recognized.
