APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit for use of water for domestic purposes only is issued subject to all prior rights on the source and specifically subject to that certain stipulation entered into on the first day of October, 1938, between the applicants and protestants and filed for record in the Office of the State Engineer on May 8, 1939. It is understood that the applicants' pipeline for conveyance of water for domestic use from the point of diversion to the place of use shall not exceed one-half (1/2) inch in diameter and that the amount of water to be appropriated through such pipeline shall not exceed 0.025 of a cubic foot of water per second. It is further understood that accurate measurements of the water placed to a beneficial use must be included in the proof of such use when same is filed. The State reserves the right to regulate the use of water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.025 cubic feet per second.

Actual construction work shall begin on or before November 1, 1939

Proof of commencement of work shall be filed before December 1, 1939

Work must be prosecuted with reasonable diligence and be completed on or before November 1, 1941

Proof of completion of work shall be filed before December 1, 1941

Application of water to beneficial use shall be made on or before November 1, 1942. Proof of the application of water to beneficial use must be filed with State Engineer on or before December 1, 1942

Map Filed Jan. 6, 1938

Proof of commencement of work filed NOV 15 1939

Proof of completion of work filed SEP 25 1941

Cancelled JAN 12 1954 because of failure of applicant to comply with the provisions of permit

WITNESS MY HAND AND SEAL this 25th day of May, 1939

Alfred Merritt Smith

State Engineer.
