APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source may be a tributary. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.0 cubic feet per second. (Two)

Actual construction work shall begin on or before May 26th, 1918.

Proof of commencement of work shall be filed before June 26th, 1918.

Work must be prosecuted with reasonable diligence and be completed on or before August 26th, 1918.

Proof of completion of work shall be filed before September 26th, 1918.

Application of water to beneficial use shall be made on or before May 26th, 1923. Proof of the application of water to beneficial use must be filed with State Engineer on or before June 26th, 1923.

WITNESS MY HAND AND SEAL this 26th day of October, 1917.

Map filed OCT 15 1917

Proof of labor filed DEC -5 1918

Proof of completion of work filed DEC -5 1918

Cancelled JUN 17 1936 because of failure of applicant to comply with provisions of permit.

State Engineer.
