APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued for flood and surplus water only and is subject to all prior rights on the stream system of which this source may be a tributary and particularly subject to the right granted by certificate No. 240, Book 3, issued under permit No. 1375. It is specifically understood and made a condition of this permit that diversion of water by the applicant shall cease immediately upon notification from the State Engineer that a shortage of water exists in the source herein described. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Three & 2/10 cubic feet per second. (3.2)

Actual construction work shall begin on or before August 22, 1917.

Proof of commencement of work shall be filed before September 22, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before June 22, 1918.

Application of water to beneficial use shall be made on or before June 22, 1923. Proof of the application of water to beneficial use must be filed with State Engineer on or before July 22, 1923.

WITNESS MY HAND AND SEAL this 22nd day of May, 1917.

J. G. Scrugham
State Engineer

Map filed SEP 25 1917

Proof of labor filed SEP 24 1917

Proof of completion of work filed. NOV 23 1918

Cancelled Jan. 1, 1926 because of failure of applicant to comply with provisions of permit.

Certificate No. 4349 Issued Feb. 29, 1956 for 2.495 c.f.s. irrigation
