APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of the water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees tothe terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.4 cubic feet per second. (Two and four-tenths)

Actual construction work shall begin on or before September 10, 1917

Proof of commencement of work shall be filed before October 10, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before September 10, 1919

Proof of Completion of work shall be filed before October 10, 1919.

Application of water to beneficial use shall be made on or before September 10, 1921Proof of the application of water to beneficial use must be filed with State Engineer on or before October 10, 1921

Cancelled APR 13 1918 because of failure of applicant to comply with provisions of permit.

WITNESS MY HAND AND SEAL this 10th day of July, 1917.
