APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights in Galena Creek Basin. An examination of the source indicates that development up to the amount of water herein allowed will not interfere with prior rights lower in said basin. However, the development must cease if it is shown that the flow of water rising below is being affected, whether or not the full amount allowed herein has been obtained. It is also understood that diversion of water shall cease when not required for bona fide mining operations. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicants agree to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One fourth cubic foot per second. (0.25)

Actual construction work shall begin on or before August 10, 1917.

Proof of commencement of work shall be filed before September 10, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before August 10, 1918.

Application of water to beneficial use shall be made on or before August 10, 1919. Proof of the application of water to beneficial use must be filed with State Engineer on or before September 10, 1919.

WITNESS MY HAND AND SEAL this 10th, day of May, 1917.

W. M. Kearney

State Engineer.
