Return to applicant for correction _____ 190.

Corrected application received _____ 190.

~~Publication of notice completed~~
~~Last notice published~~ September 21st, 1907.

Recorded in Book "C", page 580.

~~Approved~~ Denied April 2nd, 1912.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than _____ cubic feet per second.

The construction of the within described works to be commenced not later than _____

One-fifth of the work above specified to be completed on or before _____

The whole of said work to be completed on or before _____

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to _____

Witness my hand this Second day of April, 1912.

W. W. Kearney

State Engineer.

REMARKS

(This space not to be written in by applicants.)

This application is denied on the ground that the diversion point named in this application is too indefinite to issue a permit upon, and the point of return of water to the stream is too indefinite. The permit, if issued, would substantially interfere with prior rights to the use of the water.

W. W. Kearney
State Engineer.
