### APPROVAL OF STATE ENGINEER

The number of this permit is 66.

Date of receipt of first application Apr 3, 1906.

Returned to applicant for correction \_\_\_\_\_, 1906.

Recorded in book A, page 66.

✓ Approved Aug 22, 1906.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than fifty cubic feet per second.

The construction of the within described works to be commenced not later than

Jan 1. 1907

One-fifth of the work above specified to be completed on or before July 1. 1907

The whole of said work to be completed on or before Aug. 1. 1908

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to Aug. 1. 1909

Witness my hand this twenty second day of August, 1906.

Henry Thurtell

REMARKS  
This permit is conditional in its nature and depends upon the fulfillment of a certain agreement entered into between W.N. McGill and Mollie McGill parties of the first part and the Cumberland Ely Copper Company, party of the second part. A copy of this agreement is filed in the office of the State Engineer. By its terms the parties of the first part agree to sell their right, title and interest to the use of the water described in this application. Should the terms of this agreement be fulfilled this permit shall be in all respects valid. If the terms of the agreement are not fulfilled then this permit shall be void.

Henry Thurtell.
