(b) Description of land to be irrigated Section 31 in T 37 N R 60
Describe by legal subdivision, or if on unsurveyed land it
E M D M
should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

(c) Irrigation will begin about April first and end about
Month.
September first, of each year.
Month.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

(d) Power to be developed is horsepower.
(e) Works to be located
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.

(f) Point of return of water to stream
Describe in same manner as point of diversion.

(g) Remarks

DESCRIPTION OF PROPOSED WORKS

Divert from creek by means of dam now constructed, and convey

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water

water thru what is known as the Co-op Ditch, then thru other ditches,

is to be stored in reservoirs it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

extensions and laterals to the land to be irrigated.

5. Estimated cost of works about $350.00

6. Estimated time required to construct works two years due to the fact that labor is scarce, in winter late fall and early spring no

7. Remarks work at all can be done on ditch and at other seasons labor is badly needed for other necessary work.
