, Engineer.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that the applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.6 cubic feet per second. (One & six tenths)

Actual construction work shall begin on or before December 3, 1918.

Proof of commencement of work shall be filed before January 3, 1919.

Work must be prosecuted with reasonable diligence and be completed on or before December 3, 1919.

Proof of completion of work shall be filed before January 3, 1920.

Application of water to beneficial use shall be made on or before May 3, 1923. Proof of the application of water to beneficial use must be filed with State Engineer on or before June 3, 1923.

Proof of labor filed JAN - 2 1918
Mass filed APR - 2 1919
Proof of completion of work filed DEC 26 1919

WITNESS MY HAND AND SEAL this 3rd day of October, 1918.

Filing of proof of beneficial use abrogated by virtue of No. 7306. See No. 7306 for application to change the place of use of water.

Seymour Case
State Engineer.
