APPLICATION FOR PERMIT Serial No. 12424

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office APR 28 1948
Returned to applicant for correction
Corrected application filed

The undersigned MEADOWS WATER & LAND CO. INC.
Name of applicant
of Las Vegas, County of Clark,
State of Nevada, hereby make application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation.)

1. The source of the proposed appropriation is an underground source
Name of stream, lake, or other source
in Las Vegas Artesian Basin, Clark County.

2. The amount of water applied for is 1.00 second-feet.
One second-foot equals 40 miners' inches

3. The water to be used for Quasi-Municipal purposes
Irrigation, power, mining, manufacturing, domestic, or other use

4. The water is to be diverted from its source at the following point:
Within the NW¼NW¼ Sec. 6, T21S, R62E, MDB&M. or at a point from which
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land, it should be so stated.
the NW cor. of said Sec. 6 bears N 45° 02' W a dist. of 1554.0 feet.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

(a) Number of acres to be irrigated is none

(b) Description of land to be irrigated none
Describe by legal subdivision, or if on unsurveyed land it should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

(c) Use will begin about _____ (Month) and end about _____ (Month), of each year.

IF WATER IS TO BE USED FOR POWER, MINING, STOCK WATERING, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

(d) Power to be developed is none horsepower.

(e) Place of use NW¼NW¼ Sec. 6, T21S, R62E; known as Meadow Acres (amended)
Give location of place of use by legal subdivision

(f) Point of return of water to stream within the legal subdivision
Describe in same manner as point of diversion
designated as the point of diversion.

(g) State number and kinds of animals to be watered none

(h) Use will begin about Jan. 1st (Month) and end about Dec. 31st (Month), of each year.

(i) Remarks The place of use for this proposed well is a lot set aside within this subdivision which will serve 146 parcels all within the recorded subdivision of MEADOW ACRES (amended) Bk. 2/13 of plats, and more particularly shown upon the supporting map. Approximately 22 homes are at present under construction, and this well will be the only water supply for the subdivision.

DESCRIPTION OF PROPOSED WORKS

Water to be diverted from a drilled 8" cased artesian well and distributed
State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water
by a system of 4" and 6" pipe mains along the dedicated streets which will
is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.
contribute to 3/4" laterals for each lot and parcel. Pumping facilities as well as sufficient gate valves along the main line will be installed for control purposes.

5. Estimated cost of works $12,000 (complete)

6. Estimated time required to construct works one year

7. Remarks It is very urgent that water be appropriated for this area,
For use of applicant
in as much that for the present time, water is being diverted from a well situated off this property in order to continue with the construction of the necessary dwellings.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. A valve must ve installed and maintained to prevent waste of water. A meter must be installed in the pipe line, near the point of diversion, so that accurate measurements of water placed to beneficial use may be obtained. This source is located within an area that has been designated by the State Engineer as coming within the meaning of the provisions of the 1939 Underground Water Act, as amended in 1943, the State has the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.3 cubic feet per second.

Actual construction work shall begin on or before January 28, 1949

Proof of commencement of work shall be filed before February 28, 1949

Work must be prosecuted with reasonable diligence and be completed on or before January 28, 1950

Proof of completion of work shall be filed before February 28, 1950

Application of water to beneficial use shall be made on or before January 28, 1951. Proof of the application of water to beneficial use must be filed with State Engineer on or before February 28, 1951

Map Filed APR 26 1948
Proof of commencement of work filed MAR 1 1949
Proof of Completion of work filed APR 6 1949
PROOF OF BENEFICIAL USE FILED JAN 22 1959

WITNESS MY HAND AND SEAL this 12th day of August, 1948.
