APPLICATION FOR PERMIT Serial No. 5141

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office JUL -9 1918
Returned to applicant for correction
Corrected application filed

The undersigned Francis W. Balcomb (Name of applicant.) of Overton, County of Clark, State of Nevada, hereby makes application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation give date and place of incorporation.)

1. The source of the proposed appropriation is Virgin River (Name of stream, lake, or other source.)

2. The amount of water applied for is three and two tenths second-feet. (One second-foot equals 40 miners' inches.)

3. The water to be used for irrigation and domestic purposes, (Irrigation, power, mining, manufacturing, domestic, or other use.)

4. The water is to be diverted from its source at the following point: at or near the N.E. corner of the SE¼ of the SE¼, Sec. 7, T.15 S., R.69 E. M.D.M.
(Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land it should be so stated.)

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

(a) Number of acres to be irrigated is three hundred and twenty

(b) Description of land to be irrigated SE¼SE¼, Sec. 7, NE¼, Sec. 18, NE¼SE¼, Sec. 18, W½NW¼, Sec. 17, T.15 S., R.69 E. M.D.M.
(Describe by legal subdivision, or if on unsurveyed land it should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.)

(c) Irrigation will begin about January 1st (Month.) and end about December 31st (Month.), of each year.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

(d) Power to be developed is None horsepower.

(e) Works to be located
(Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.)

(f) Point of return of water to stream Not returned to stream.
(Describe in same manner as point of diversion.)

(g) Remarks It will require about two years after works are completed to put the water to a beneficial use on the whole tract. At this point there is usually from ten to two hundred second feet of unappropriated water in the Virgin River, and the amount flowing in the quick sand bed ½ mi. wide is very great.

DESCRIPTION OF PROPOSED WORKS

The water is to be raised fifteen feet by two centrifugal pumps operated by a gasoline engine all of suitable capacity for handling 3 2/10 sec.ft. A small brush and rock wing dam will keep the water at the pumps. A V ditch about two feet deep and three feet wide at top will carry the water from the pumps. This will be about two miles long where it will return the waste water to the river.

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water is to be stored in reservoirs it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

5. Estimated cost of works $3000.00

6. Estimated time required to construct works One year.

7. Remarks:

For use of applicant.

FRANCIS W. BALCOMB, Applicant.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.6 cubic feet per second. (One & six tenths)

Actual construction work shall begin on or before May 10, 1919.

Proof of commencement of work shall be filed before June 10, 1919.

Work must be prosecuted with reasonable diligence and be completed on or before May 10, 1920.

Proof of completion of work shall be filed before June 10, 1920.

Application of water to beneficial use shall be made on or before July 10, 1923. Proof of the application of water to beneficial use must be filed with State Engineer on or before August 10, 1923.

Proof of labor filed JUL 18 1919 WITNESS MY HAND AND SEAL this 10th day

Map filed NOV - 3 1919 of January, 1919.

Proof of completion of work filed MAY 3 1921

Cancelled Jan. 2, 1926 because of failure of applicant to comply with provisions of permit.
