APPLICATION FOR PERMIT Serial No. **12866**

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office MAR 23 1949
Returned to applicant for correction
Corrected application filed

The undersigned Rose Shapiro (Name of applicant)
of Las Vegas, County of Clark,
State of Nevada, hereby makes application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation.) (Individual)

1. The source of the proposed appropriation is an underground source (Name of stream, lake, or other source) in Las Vegas Artesian Basin, Clark County, Nevada.

2. The amount of water applied for is 0.10 (One second-foot equals 40 miners' inches) second-feet.

3. The water to be used for Quasi-Municipal & Domestic purposes (Irrigation, power, mining, manufacturing, domestic, or other use)

4. The water is to be diverted from its source at the following point: Within NE¼ SW¼ Sec. 13, T20S, R61E, MDB&M. or at a point from which (Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land, it should be so stated.) the W¼ cor. of said Sec. 13 bears N. 75° 02' W. a dist. of 2638 feet.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

(a) Number of acres to be irrigated is

(b) Description of land to be irrigated (Describe by legal subdivision, or if on unsurveyed land it should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.)

(c) Use will begin about (Month) and end about (Month), of each year.

IF WATER IS TO BE USED FOR POWER, MINING, STOCK WATERING, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

(d) Power to be developed is none horsepower.

(e) Place of use Por. NE¼ SW¼ Sec. 13, T20S, R61E, MDB&M. lying (Give location of place of use by legal subdivision) southeasterly of U. S. Highway #91.

(f) Point of return of water to stream within the legal subdivision (Describe in same manner as point of diversion) designated as the point of diversion.

(g) State number and kinds of animals to be watered none

(h) Use will begin about Jan 1st (Month) and end about Dec. 31st (Month), of each year.

(i) Remarks The property is improved with a modern gasoline service station, complete with grease racks and appurtenant ascessaries. Also two (2) rest rooms. There are four single family trailers located on the property, and improvements are being made to accomodate ten more, and each will have water facilities.

DESCRIPTION OF PROPOSED WORKS

Water to be diverted from a drilled artesian 6" cased well, and

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water

distributed by a system of pipe line to various places of use.

is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

Pumping facilities will be installed should it be necessary to do so.

5. Estimated cost of works $2000

6. Estimated time required to construct works Two (2) years

7. Remarks There is at present an existing shallow (80') well, and this

For use of applicant

application is being filed to appropriate water from this same point of diversion which will be deepened to approximately 250 ft.

Rose Shapiro, Applicant.

RULING NO. By letter
DATE Jan. 17, 1997

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. If well is flowing, a valve must be installed and maintained to prevent waste. No right is given under this permit to maintain the water level in permittees well at any level higher than that necessary for a reasonable pumping lift. This source is located within an area designated by the State Engineer pursuant to Section 4 of the Underground Water Act; therefore the State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.1 cubic feet per second.

Actual construction work shall begin on or before November 25, 1949.

Proof of commencement of work shall be filed before December 25, 1949.

Work must be prosecuted with reasonable diligence and be completed on or before November 25, 1950

Proof of completion of work shall be filed before December 25, 1950

Application of water to beneficial use shall be made on or before November 25, 1951. Proof of the application of water to beneficial use must be filed with State Engineer on or before December 25, 1951
