(c) Size of headgate—width, _____ feet; height, _____ feet.

(d) Ditch (flume or pipe)—width at bottom, _____ feet width at water line, _____ feet; depth of water, _____ feet. Average grade per mile is _____ feet. Length of ditch is _____ miles, and crosses the following quarter sections: _____

to _____ which is the point of intended use.

APPROVAL OF STATE ENGINEER

The number of this permit is 1312.

Date of receipt of first application March 1, 1909 ~~190~~

Return to applicant for correction _____ ~~190~~

Corrected application received _____ ~~190~~

Last notice published April-15 1909

FILED MAY 10 1909

Recorded in Book "G", page 1312.

Approved, November 11th, 1914 ~~190~~

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to

Granted subject to all prior rights.

This permit is granted with the condition that the applicant shall construct works of control so as to enable the water now flowing into the swamp, formed by Little Warm Spring, to be diverted around the swampy area, thereby drying up the swamp. The use of water shall be dependent upon the amount of water saved by drying up the swamp. The applicant shall not divert and use any water whatever under the terms of this permit until the State Engineer has approved the works of control herein required to be constructed.

It is also made a condition of this permit that the applicant shall determine the normal flow of Little Warm spring at his own expense by installing a weir at a point in the channel above the swampy area and reading the flow weekly. He shall also be required to install a weir below the swampy area and make weekly gagings. These gagings must be continued for a period of eleven months from the date of the receipt of this permit. The readings must be forwarded to the office of the State Engineer once each month during the period and same must be under oath as to their accuracy and correctness.

Upon the failure of the applicant to comply with the terms of this permit then this grant is null and void.

Dated November 11, 1914.

Map filed NOV 16 1914

Proof of labor filed DEC -6 1915

W. W. Kearney
