APPROVAL OF STATE ENGINEER

The number of this permit is 1356.
Date of receipt of first application May-17 1909.
Return to applicant for correction _____ 190____.
Corrected application received _____ 190____.
Last notice published June 10 1909. FILED JUL 17 1909
Recorded in Book 7, page 1356
Approved, Dec 1 1909.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than 25 cubic feet per second.

The construction of the within described works to be commenced not later than

April-1-1910

One-fifth of the work above specified to be completed on or before April-1-1911

The whole of said work to be completed on or before July-1-1912

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to Aug-1-1912

Witness my hand this 1 day of Dec 1909
Frank R. Nicholas
State Engineer.

REMARKS

This space not to be written in by applicant.

This permit is issued upon the condition that the water authorized to be diverted by this permit, must be returned to the natural channel of Williams Creek. 200' above the point where said Creek enters West Side ditch

Cancelled after inspection because of failure of applicant to comply with provisions of permit.

See report No. _____ Page No. _____

Ernest O. Bayle
State Engineer.
