APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. It is understood that in addition to the summer use as hereinafter designated, the permittee will be entitled to intermittant use during the non-summer season on the basis of not to exceed fifty gallons of water per capita per day. It is understood that the amount of water granted herein is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually used. The State retains the right to regulate the use of the water herein granted at at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.56 cubic feet per second.

Actual construction work shall begin on or before March 1, 1960

Proof of commencement of work shall be filed before April 1, 1960

Work must be prosecuted with reasonable diligence and be completed on or before March 1, 1961

Proof of completion of work shall be filed before April 1, 1961

Application of water to beneficial use shall be made on or before March 1, 1964. Proof of the application of water to beneficial use must be filed with State Engineer on or before April 1, 1964
