(c) Size of headgate—width, _____ feet; height, _____ feet.

(d) Ditch (flume or pipe)—width at bottom, _____ feet width at water line, _____ feet; depth of water, _____ feet. Average grade per mile is _____ feet. Length of ditch is _____ miles, and crosses the following quarter sections: _____

to _____ which is the point of intended use.

APPROVAL OF STATE ENGINEER

The number of this permit is 1446.

Date of receipt of first application October 4 1909.

Return to applicant for correction _____ 190 _____.

Corrected application received _____ 190 _____.

Last notice published Nov-9 1909 FILED NOV 11 1909

Recorded in Book 76, page 1446

Approved, March 16th 1900.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than 1/371 cubic feet per second.

The construction of the within described works to be commenced not later than

June 1, 1910,

One-fifth of the work above specified to be completed on or before June 1, 1911

The whole of said work to be completed on or before June 1, 1912.

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to July 1, 1912.

Witness my hand this Sixteenth day of March, 1909.

Emmett D. Doyle
State Engineer.
