FILED JAN 12 1910

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than 5000 cubic feet per second.

The construction of the within described works to be commenced not later than

July 1st 1911,

One-fifth of the work above specified to be completed on or before July 1st 1912

The whole of said work to be completed on or before July 1st 1916.

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to August 1st 1916.

Witness my hand this Sixth day of July, 1900.

Emmett D. Boyle
State Engineer.

REMARKS

This space not to be written in by applicant.

Cancelled because of failure to file proof of commencement of work AUG 1 - 1911

Cancelled DEC - 2 1918; because of failure of applicant to comply with provisions of permit.

W. M. KEARNEY
State Engineer.

Seymour Case
State Engineer.

Reinstated. NOV 10 1911 upon showing that applicant was unable to commence work, in accordance with the terms of permit, by the temporary withdrawal of the lands upon which the power site was to be situated, by the Department of Interior of the United States.

W. M. KEARNEY
State Engineer.
