APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source and specifically subject to stipulation dated September 30, 1925 between Nevada Lime&Rock Co. and Wilson Bros. It is understood that the 1 cubic foot of water per second herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.
The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic foot per second.

Actual construction work shall begin on or before January 21, 1927

Proof of commencement of work shall be filed before February 21, 1927

Work must be prosecuted with reasonable diligence and be completed on or before January 21, 1928

Proof of completion of work shall be filed before February 21, 1928

Application of water to beneficial use shall be made on or before January 21, 1929. Proof of the application of water to beneficial use must be filed with State Engineer on or before February 21, 1929

Proof of labor filed Feb 4 1927
Map filed July 22, 1927
Proof of completion of work filed Dec 10, 1927

WITNESS MY HAND AND SEAL this 21st day of January, 1926.

SUPERSEDED BY No. 8819

Filed January 23, 1929 to change place and manner of use

[signature]
State Engineer.
