APPROVAL OF STATE ENGINEER

The number of this permit is 1617.

Date of receipt of first application Feb. 19th 1910.

Return to applicant for correction _____ 19____.

Corrected application received _____ 19____.

Last notice published March - 21 1910. APR 11 1910

Recorded in Book I, page 1617.

Approved, March 1st 1911.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than 170 cubic feet per second.

The construction of the within described works to be commenced not later than March 1st 1912

One-fifth of the work above specified to be completed on or before March 1st 1913

The whole of said work to be completed on or before March 1st 1915

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to September 1st 1918.

Witness my hand this First day of March, 1911
Ernest D. Boyle

Cancelled. Sep-2-1911. Failure to comply with conditions of permit. REMARKS

This space must not be written in by applicant.

This permit is issued with the express provision that the applicant shall file application with the proper State authority within sixty days for the withdrawal of the lands to be irrigated and that failure to so apply or, at any time, to procure the land rights asked for will work a forfeiture of any rights gained hereunder.

Ernest D. Boyle
State Engineer
