APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This Permit is issued subject to all prior rights on the source. A substantial headgate and wier must be installed and maintained at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 4 cubic feet per second.

Actual construction work shall begin on or before November 1, 1932

Proof of commencement of work shall be filed before December 1, 1932

Work must be prosecuted with reasonable diligence and be completed on or before November 1, 1933

Proof of completion of work shall be filed before December 1, 1933

Application of water to beneficial use shall be made on or before November 1, 1937. Proof of the application of water to beneficial use must be filed with State Engineer on or before December 1, 1937.

Compared A.F.P. B.D.

WITNESS MY HAND AND SEAL this 12th day of April, 1932.

Cancelled OCT 21 1940 because of failure of applicant to comply with the provisions of permit.
