quarter sections: _____

to _____ which is the point of intended use.

APPROVAL OF STATE ENGINEER

The number of this permit is 1743

Date of receipt of first application July 6 1910.

Return to applicant for correction Jul 21 1910 -----19---

Corrected application received AUG -1 1910 -----19---

Publication of notice completed
~~Next notice published~~ September 16 1910.

Recorded in Book "I", page 1743.

Approved, November 27 1914.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than 0.55-cubic feet per second.

The construction of the within described works to be commenced not later than

May 27 1915.

Proof of commencement of work must be filed on or before June 27 1915.
One-fifth of the work above specified to be completed on or before June 27 1915.

The whole of said work to be completed on or before September 27 1915.

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to September 27 1918.

Witness my hand this 27th day of November, 1914.

This permit is subject to all prior rights on the stream system and is granted for the flood and surplus water only. W. Mearney
State Engineer.

REMARKS

This space must not be written in by applicant.

The applicant must install a standard weir and headgate at or near the point of diversion to facilitate the measurement and control of the water herein granted.

Map filed MAY 13 1915

W. Mearney
State Engineer.
