

APPLICATION FOR PERMIT To appropriate the Public Waters of the State of Nevada

1. Date of receipt of Application JUL 7 8 1910

2. Name of applicant D. C. Wheeler,

Postoffice address: Renov, Nevada.

County Washoe.

I. If applicant is a corporation, give

(a) Date and place of corporation _____

(b) The amount of capital stock _____

(c) The amount paid in _____

(d) The names and addresses of Directors _____

3. The quantity of water claimed is the surplus unappropriated water from Roberts Creek and two unnamed creeks and from the watershed of Secs. 21, 22, 23, 25, 27 and 26, T. 19 N. R. 18 E. M. D. B. & M. cubic feet per second.

4. ~~Source of water supply, all lying in~~ Secs. 21, 22, 23, 25, 27 and 26, T. 19 N. R. 18 E. M. D. B. & M.

5. ~~Source of water supply is~~ said creeks and said watershed.

6. Location of point of diversion a certain ditch to be constructed inter- secting said creeks along the base of said watershed through said ditches carrying said waters to a reservoir to be constructed in

7. ~~To be used for:~~ Said Secs. 20 and 21, T. 19 N. R. 18 E. M. D. B. & M.

I. Irrigation and domestic use: To be used for irrigation & domestic purposes

(a) Number of acres to be irrigated approximately 500 acres,

(b) In the following legal subdivisions Secs. 20, 21, 22, 23, 25, 27 and 26, T. 19 N. R. 18 E. M. D. B. & M. the S 1/2 of the S E 1/4

(A list of lands to be irrigated may be appended as a part of this application.)

the S 1/2 of the S W 1/4 and the N W 1/4 of the S W 1/4 of

Section 26, Township 18 North, Range 19 East, M. D. B.

& M. (Note:) Said D. C. Wheeler is the owner of said reservoir to be constructed, and all the lands,

except a small portion in said sections 23 and 21, upon a through which said ditches leading to said site from said

II. Mining, power, manufacturing or transportation purposes:

(a) To be used for _____

(b) Amount of power to be generated _____ horse power.

(c) At what point _____

(d) Is water to be returned to stream, ("yes" or "no") _____

(e) If "yes" at what point _____

7. Estimated cost of works Five thousand Dollars.

8. Description of works for diversion: A

I. Kind of works (reservoir, dam, ditch, flume, pipes or otherwise) A certain reservoir

1. Kind of works (reservoir, dam, ditch, flume, pipes, or otherwise) A certain reservoir to be constructed to impound said waters during the non-irrigating seasons of the year by means of ditches to be constructed as aforesaid, and thence to convey the same for irrigation and domestic purposes, by and through the Steamboat canal, under permission of the owners thereof, and thence through open ditches, already constructed, to and upon the lands hereinabove described.

The following is a particular description of said reservoir site: Commencing at a point distant 250 feet south from the Northeast corner of said section 20, thence west 900 feet, thence south 1450 feet, thence east 2008 feet, and thence northwesterly to the point of commencement.

II. Dimensions of works:

(a) Height of dam, about 60 feet; length of dam at top, about 460 feet, length of dam at bottom, about 200 feet; material used in construction (wood, earth stone or concrete) to be earth and concrete.

(b) Capacity of reservoir Approximately 1,500 acre-feet.

(c) Size of headgate—width, _____ feet; height, _____ feet.

(d) Ditch (flume or pipe)—width at bottom, _____ feet width at water line, _____ feet; ~~depth of water, _____ feet.~~ Average grade per mile is _____ feet. Length of ditch is _____ miles, and crosses the following

quarter sections: Commencing in the NW 1/4 of said section 26, running thence in a general westerly direction through said sections 22 and 21,

Commencing in the NW 1/4 of said Section 26 running thence in a general westerly direction through said sections 22 and 21, to the said reservoir to be located and constructed as aforesaid, where said surplus unappropriated waters are to be impounded therein during said non-irrigating seasons, and thence to the lands hereinabove described, which is the point of intended use.

Respectfully submitted,

D. C. Wheeler,

Applicant.

Date of receipt of first application July, 1910

Return to applicant for correction July, 20th 1910 1910

Corrected application received JUL 30 1910 1910

~~Last notice published~~ September 10th 1910 1910

Recorded in Book "I", page 1756.

Approved, June 19th 1912 1912

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Nevada, and hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated not more than 1500 ^{acre feet per year} ~~cubic feet per second~~

The construction of the within described works to be commenced not later than Sept. 19th 1912

One-fifth of the work above specified to be completed on or before June 19th 1913

The whole of said work to be completed on or before September 19th 1914

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to September 19th 1916

Witness my hand this nineteenth day of June, 1912

W. M. Kearney
State Engineer.

This permit is issued with the provision that the water appropriated be impounded during the non-irrigating season and the normal flow of the creek be allowed to flow as it has been accustomed to flow.

W. M. Kearney
State Engineer.

Cancelled because of failure to file proof of commencement of work Oct 20 1912

W. M. KEARNEY
State Engineer.
