(g) Remarks Applicant claims a vested right to water for the irrigation of a portion of the lands described herein; and this application is made without waiver of such vested rights.

DESCRIPTION OF PROPOSED WORKS.

Simultaneously herewith, this applicant is filing applications for permits to store the waters of Bliss, North Canyon and Spooner Meadows Creeks in Spooner Meadows Reservoir, and thence to convey such stored waters to a power house to be located on the lands described above.

From the power house, after being thus used for power purposes, the waters will flow directly into the present irrigation ditches of this applicant, to be used for the irrigation of Pray Meadows and adjacent lands, under vested water rights, and under rights secured by this application; seasonal shortages of water will thus be overcome, and aditional lands put under irrigation; no additional works will be required, other than those described in said storage and power applications, and also excepting some new lateral ditches.

Until such time as the power project is completed, the stored water will be conveyed from the reservoir through the natural channels of Spooner Meadows and North Canyon Creeks into the present irrigation ditches of this applicant.

No vested water rights are waived by this application.
