APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The State Engineer recognizes the fact that this application was filed without a survey to determine the point of diversion and point of return to the stream. The permit is granted with the provision that the water be returned to the stream above the diversions for irrigation, unless there is water enough in the stream to satisfy the irrigation rights.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 100 cubic feet per second.

Actual construction work shall begin on or before May 25th, 1913.

Proof of commencement of work shall be filed before June 25th, 1913.

Work must be prosecuted with reasonable diligence and be completed on or before May 25th, 1915.

Application of water to beneficial use shall be made on or before October 25th, 1915.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before November 25th, 1915.

WITNESS MY HAND AND SEAL this 25th day of October, 1912.

Cancelled because of failure to file proof of commencement of work JUN 26 1913
