APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby

DENY the same on the following grounds to wit: That there is no unappropriated water in Williams Creek except perhaps in times of flood and to grant the right to use of such water without storage provisions would be detrimental to the public welfare. During the season mentioned in this application for irrigation viz; April to September, there is not sufficient unappropriated water to mature crops.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed cubic feet per second.

Actual construction work shall begin on or before

Proof of commencement of work shall be filed before

Work must be prosecuted with reasonable diligence and be completed on or before

Application of water to beneficial use shall be made on or before

Proof of the application of water to beneficial use must be filed with the State Engineer on or before

WITNESS MY HAND AND SEAL this 12th day of June, 1912.

W. W. Seaman, State Engineer.

DENIED
