APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is granted with the provision that the water impounded in the Branch of the Humboldt River named herein be released each year after the crop of ice is taken from the river. It is further understood by the applicant and the State Engineer that the impounding of this water must be handled so as not to interfere with prior rights. Impounding of the water shall not commence prior to November 1st. of any year.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Twenty (20) cubic feet per second.

Actual construction work shall begin on or before November 1st, 1912.

Proof of commencement of work shall be filed before December 1st, 1912.

Work must be prosecuted with reasonable diligence and be completed on or before January 1st, 1913.

Application of water to beneficial use shall be made on or before March 1st, 1913.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before April 1st, 1913.

WITNESS MY HAND AND SEAL this 16th. day of August, 1912.

[Signature] State Engineer.
