APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system. The grant is for flood and surplus water only.

The applicant shall, as a condition of this permit, install a permanent headgate at or near the point of diversion, designed so that it may be regulated and locked when necessary. A weir shall also be established as near the headgate as possible to enable the state to measure the water at any time.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Three (3) cubic feet per second.

Actual construction work shall begin on or before May 19, 1915.

Proof of commencement of work shall be filed before June 19, 1915.

Work must be prosecuted with reasonable diligence and be completed on or before November 19, 1915.

Application of water to beneficial use shall be made on or before October 19, 1920.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before November 19, 1920.

WITNESS MY HAND AND SEAL this 19th day of November, 1914.

Map filed APR 15 1915

Proof of labor filed JUN 16 1915
