 of Ely, County of White Pine
 State of Nevada, hereby make application for
 permission to appropriate the public waters of the State of Nevada,
 as hereinafter stated. (If applicant is a corporation give date and
 place of incorporation.) _____

1. The source of the proposed appropriation is on the Rob Roy
Name of stream, lake, or other source.
lode mining claim in Robinson Mining District, White Pine County,
Nevada
2. The amount of water applied for is all second-feet.
One second-foot equals 40 miners' inches.
3. The water to be used for Mining and domestic purposes
Irrigation, power, mining, manufacturing, domestic, or other use.
4. The water is to be diverted from its source at the following
 point: at the point where it rises on the said Rob Roy Mining
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land it should be so stated.
claim, situated in NE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Sect. 13, T. 16 N. ~~R~~ 62 E., M.D.M.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- (a) Number of acres to be irrigated is _____
- (b) Description of land to be irrigated _____
Describe by legal subdivisions, or if on unsurveyed land it should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.
- (c) Irrigation will begin about _____ and end about _____
Month.
 _____, of each year.
Month.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

- (d) Power to be developed is none horse power.
- (e) Works to be located at its source
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.
- (f) Point of return of water to stream 1000 feet below source
Describe in same manner as point of diversion.
- (g) Remarks This is a small spring rising on said mining claim and owned by the Smokey Development Company, of which the applicant is President, and the water is to be used in connection with the working and development of said mining property.

DESCRIPTION OF PROPOSED WORKS

The water will be diverted by means of a small dam at the point where spring rises and from there piped to the mining works and plants of the said Smokey Development Company.

- 5. Estimated cost of works \$500.00
6. Estimated time required to construct works one year
7. Remarks The volume of water is small, only about enough to supply the boilers and coal compressor of small mining plant.
