The undersigned Otto Olsen,
Name of applicant.
 of Gardnerville, Nevada, County of Douglas,
 State of Nevada, hereby makes application for
 permission to appropriate the public waters of the State of Nevada,

Describe in same manner as point of diversion.

(g) Remarks This application is made as an amended filing to application No. 460, made by me on May 10th, 1907. The reason for such filing is that the original application No. 460 describes the land to be watered incorrectly, and is also somewhat indefinite in its terms. No rights are waived under application No. 460, the permit under which was granted to me 2 second feet of water, though recognizing the maximum quantity allowed by law for the land irrigated. The land to the amount of 50.45 acres has been cultivated and it is for this amount which I desire a perfect right under No. 460.

DESCRIPTION OF PROPOSED WORKS

Dam, headgate, ditch and flume, with necessary diversion boxes have been already built and in use under the application referred to.

- 5. Estimated cost of works \$1000.00 for ditch and diversion works.
6. Estimated time required to construct works Works already finished.
7. Remarks Proof of Beneficial use will be made under this filing as amendatory to No. 460, in order to perfect my rights.

Otto Olsen, Applicant.
