APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued with the provision that the water be returned to the natural stream in the shortest practicable route after use. The point of returned as named in the application must be the location on the ground in order that the water will be returned to the stream above the diversion of John M. Prunty.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Six cubic feet per second.

Actual construction work shall begin on or before September 17th, 1912.

Proof of commencement of work shall be filed before October 17th, 1912.

Work must be prosecuted with reasonable diligence and be completed on or before September 17th, 1915.

Application of water to beneficial use shall be made on or before September 30th, 1915.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before October 30th, 1915.

WITNESS MY HAND AND SEAL this 17th day of August, 1912.

Cancelled because of failure to file proof of commencement of work
