APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to store the flood and unappropriated waters of Arrowhead Canyon to be used for irrigation and domestic purposes is issued subject to all prior rights. A substantial measuring device must be installed to facilitate the measurement of water. In the granting of this permit it is not to be construed as granting any rights by the State Engineer to the use of any existing works which are the property of someone else or to any rights of way. The State Engineer reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 30.0 cubic feet per second, or 700 acre feet storage per annum.

Actual construction work shall begin on or before Nov. 1, 1937

Proof of commencement of work shall be filed before Dec. 1, 1937

Work must be prosecuted with reasonable diligence and be completed on or before Nov. 1, 1939

Proof of completion of work shall be filed before Dec. 1, 1939

Application of water to beneficial use shall be made on or before Nov. 1, 1942. Proof of the application of water to beneficial use must be filed with State Engineer on or before Dec. 1, 1942

Map Filed December 11, 1936

Proof of commencement of work filed DEC 18 1937

Cancelled JUL 8 1948 because of failure of applicant to comply with the provisions of permit

State Engineer

WITNESS MY HAND AND SEAL this 24th day of May, 1937

Alfred Merritt Smith,
State Engineer.
