APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source and especially subject to what rights Mrs. Nellie Frances Ruiz may have on this source. It is a condition of this permit that the permittee diverts the waters into troughs so installed that the overflow or surplus waters therefrom flow back into the Main Channel and that nothing shall be done by the permittee that will obstruct the natural flow of the channel. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0125 cubic feet per second.

Actual construction work shall begin on or before September 1, 1936

Proof of commencement of work shall be filed before October 1, 1936

Work must be prosecuted with reasonable diligence and be completed on or before September 1, 1938

Proof of completion of work shall be filed before October 1, 1938

Application of water to beneficial use shall be made on or before September 1, 1939. Proof of the application of water to beneficial use must be filed with State Engineer on or before October 1, 1939

WITNESS MY HAND AND SEAL this 21st day of February, 1936
