APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is expressly understood that the proper steps have been taken in the office of the State Engineer of Idaho to acquire the necessary rights in that state.

The applicant is required to file duplicate proofs of commencement of work, completion of work and beneficial use in the state of Nevada in the office of State Engineer, in order to show compliance with the laws of Idaho, under any permit received there.

A copy of the final certificate of the State of Idaho must also be filed with this office.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Fifty (50) cubic feet per second.

Actual construction work shall begin on or before June 5th, 1914.

Proof of commencement of work shall be filed before July 5th, 1914.

Work must be prosecuted with reasonable diligence and be completed on or before June 5th, 1918.

Application of water to beneficial use shall be made on or before October 5th, 1920

Proof of the application of water to beneficial use must be filed with the State Engineer on or before November 5th, 1920.

WITNESS MY HAND AND SEAL this 5th. day of March, 1914.

Proof of labor filed JUL 10 1914

[Signature] State Engineer.
