APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: deny the same on the ground that the Applicant, after due notice given in connection with application No. 1800, has failed to comply with the order of the State Engineer in making the necessary showing of financial ability to prosecute to completion the works necessary to perfect this appropriation in accordance with law. The independent investigation of this office indicating that the application is speculative is therefore deemed and held to be correct, thus making the approval of the application detrimental to the public welfare.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed _____ cubic feet per second.

Actual construction work shall begin on or before _____

Proof of commencement of work shall be filed before _____

Work must be prosecuted with reasonable diligence and be completed on or before _____

Application of water to beneficial use shall be made on or before _____

Proof of the application of water to beneficial use must be filed with the State Engineer on or before _____

WITNESS MY HAND AND SEAL this 4th day of March, 1915.

W. Kearney
State Engineer.
