

**AMENDED
APPLICATION FOR PERMIT**

Serial No. **2888**

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office FEB -9 1914
 Returned to applicant for correction FEB 20 1914
 Corrected application filed APR 16 1914

The undersigned H.F. Dangberg Land and Livestock Co.
Name of applicant.
 of Minden, County of Douglas,
 State of Nevada, hereby make s application for
 permission to appropriate the public waters of the State of Nevada,
 as hereinafter stated. (If applicant is a corporation give date and
 place of incorporation.) Laws of Nevada, March 7, 1900.

1. The source of the proposed appropriation is East Fork of Carson River, Douglas County, Nevada.
Name of stream, lake, or other source.
2. The amount of water applied for is 200 second-feet.
One second-foot equals 40 miners' inches.
3. The water to be used for Power
Irrigation, power, mining, manufacturing, domestic, or other use.
4. The water is to be diverted from its source at the following
 point: At a point on said East Fork of Carson River in the N $\frac{1}{2}$ of SW $\frac{1}{4}$ of Sec. 25, T. 12 N.R. 20 E., M.D.B & M; said point being on said river about 150 feet northerly from the south line of said land.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- (a) Number of acres to be irrigated is _____
- (b) Description of land to be irrigated _____
Describe by legal subdivision, or if on unsurveyed land it should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.
- (c) Irrigation will begin about _____ and end about _____
Month.
 _____, of each year.
Month.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

- (d) Power to be developed is _____ horse power.
- (e) Works to be located NW $\frac{1}{4}$ of SW $\frac{1}{4}$ Sec. 25, T. 12 N.R. 20 E., M.D.B & M.
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.
- (f) Point of return of water to stream N $\frac{1}{2}$ of SW $\frac{1}{4}$ of Sec. 25, T. 12 N.R. 20 E., M.D.B & M, about 50 feet northerly from point of diversion.
Describe in same manner as point of diversion.
- (g) Remarks (See supplemental sheet)

DESCRIPTION OF PROPOSED WORKS

The river is to be dammed by means of rock, earth, concrete, etc., and State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water the water diverted through conduit or flume, and conveyed about fifty feet and dropped to wheel. Vertical head of water forty feet, more or less, and as required according to final estimate of engineer.

- 5. Estimated cost of works \$10,000
6. Estimated time required to construct works 5 years.
7. Remarks

For use of applicant.

H.F. DANBERG LAND and LIVESTOCK COMPANY, Applicant.

, Engineer.

PROTESTED by Douglas Milling & Power Company, June 27, 1914.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: deny the same on the ground that such application conflicts with permit No. 2844, which permit is still in good standing on the records of this office.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed cubic feet per second.

Actual construction work shall begin on or before

Proof of commencement of work shall be filed before

Work must be prosecuted with reasonable diligence and be completed on or before

Application of water to beneficial use shall be made on or before

Proof of the application of water to beneficial use must be filed with the State Engineer on or before

WITNESS MY HAND AND SEAL this 23rd day of April, 1917.

[Signature]
State Engineer.

Vertical text on the left margin.

The exact points of diversion and return have not been determined, but are approximately as herein set forth and all being on land owned and controlled by applicant.

That power will be generated and sold generally; that it will be used for domestic, municipal and all uses; that following are among the persons, firms and companies to be served:

D.B. Parks, Minden, Nevada,	5 horse power
Minden Butter Co., Minden, Nevada,	15 horse power
