APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to any rights on the source including any stream or streams of which this is a part or tributary.

Not having examined the premises there rests upon the applicant the responsibility of learning whether or not the water is in actual use. This office recognizes by the filing of the application that the applicant determined that feature.

The use of water granted is subject to regulation by the State.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One & 6/10 cubic feet per second, or 480 acre feet per annum.

Actual construction work shall begin on or before May 14th, 1915.

Proof of commencement of work shall be filed before June 14th, 1915.

Work must be prosecuted with reasonable diligence and be completed on or before December 14th, 1915.

Application of water to beneficial use shall be made on or before October 14th, 1920.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before November 14, 1920.

WITNESS MY HAND AND SEAL this 14th day of September, 1914.
