13. Estimated time required to construct works 15 years for project (If well completed, describe well.)

14. Estimated time required to complete the application of water to beneficial use 30 years for project

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary): (Failure to provide a detailed description may cause a delay in processing.)

This application along with other applications propose to change existing water rights owned by the applicant for exportation from Smoke Creek Valley Basin No. 21 for municipal purposes within the proposed place of use. This project will require many years to complete due to its magnitude and construction of water distribution systems to customers. Washoe County planning studies show a demand for additional municipal water resources to supply existing development and projected growth.
