APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

(See attached sheet)

No. 3221.

This permit is issued subject to all prior rights on the source and is for water for the following described land: 224 acres in the S1/2 of Sec. 22, T. 35 N. R. 62 E., M.D.B. & M.

This application being made in conjunction with applications Nos. 3212 to 3223 inclusive, all of which applications were made with the view of collecting the waters of numerous creeks in a common ditch, the permit herewith issued is considered a part only of the irrigation system proposed under the above named applications. Therefore the water herein granted for 224 acres of land in the subdivision above named, may also be used on lands named in permits Nos. 3222 and 3223 lying under the ditch system below this point of confluence of the creek with the diversion canal.

The State reserves the right to regulate the use of the water herein granted at all times.

Application of water to beneficial use shall be made on or before September 17, 1919 Proof of the application of water to beneficial use must be filed with State Engineer on or before October, 17, 1919.

Proof of labor filed OCT 1 1916
