(h) Use will begin about Jan.1st (Month) and end about Dec.31st (Month), of each year.

(i) Remarks Well No.1 has been drilled for some time but is not now being pumped it is proposed to clean it out and pump 1¼ c.f.s.
Well No. 2 has been producing for some years. It is now proposed to make some improvements in order to better make use of the waters they yield. It is expected that No. 2 will measure approximatel 1½ c.f.s.

DESCRIPTION OF PROPOSED WORKS

Well No. 1 was drilled some years ago but has not been pumped. It is now the

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water

intention to clean it out and install a pump and to reclaim the lands that

is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

can be irrigated from it Well No. 2 has been producing from some time.

A small overnight storage reservoir may be built to better serve the lands

under it.

5. Estimated cost of works Well No. 1 1000.00 Well No. 2 1500.00

6. Estimated time required to construct works One year from date of approval

7. Remarks Applicants intend to reclaim more land as rapidly as possible

For use of applicant

by means of the pumps from the two wells.

Clarence A. and Clarvid A. Lewis, Applicant.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. It is understood that no right is given under this permit to maintain the water level in permittees well at any level higher than that necessary for a reasonable pumping lift. A substantial weir or other type of measuring device must be installed and maintained to facilitate the measurement of water. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.25 cubic feet per second, and not to exceed 5 ac.ft. per acre per season of land irrigated.

Actual construction work shall begin on or before May 22, 1949

Proof of commencement of work shall be filed before June 22, 1949

Work must be prosecuted with reasonable diligence and be completed on or before May 22, 1950

Proof of completion of work shall be filed before June 22, 1950

Application of water to beneficial use shall be made on or before May 22, 1952. Proof of the application of water to beneficial use must be filed with State Engineer on or before June 22, 1952

WITNESS MY HAND AND SEAL this 10th day of January, 1949.

ALFRED MORRITT SMITH
State Engineer.
