AMENDED

APPLICATION FOR PERMIT

Serial No. 10834

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office JUN 11 1942
Returned to applicant for correction AUG 28 1942
Corrected application filed SEP 16 1942

The undersigned Security Industrial Corporation
Name of applicant

of Reno, (P. O. Box 889), County of Washoe,

State of Nevada, hereby make s application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation.) (Incorporated under laws of Nevada on Aug. 6, 1927)

1. The source of the proposed appropriation is Juniata Spring
Name of stream, lake, or other source

2. The amount of water applied for is one second-feet.
One second-foot equals 40 miners' inches

3. The water to be used for Milling & domestic
Irrigation, power, mining, manufacturing, domestic, or other use

4. The water is to be diverted from its source at the following point:
At the Juniata Spring in Lot 3 in the S.W. part of the NW¼ of Sec. 16,
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land, it should be so stated.
T. 5 N., R. 28 E., MDBM, Mineral County, Nevada. From said Juniata Spring to the S.W. corner of said Sec. 16, the distance is 2800' and the strike is S. 17° 55' W.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

(a) Number of acres to be irrigated is

(b) Description of land to be irrigated
Describe by legal subdivision, or if on unsurveyed land it should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

(c) Use will begin about _____ (Month) and end about _____ (Month), of each year.

IF WATER IS TO BE USED FOR POWER, MINING, STOCK WATERING, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

(d) Power to be developed is horsepower.

(e) Works to be located Mill and camp is in Lot 8 (SW¼ of SE¼) of Sec. 17, T. 5 N., R. 28 E., MDBM.
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.

(f) Point of return of water to stream The water, after use and less evaporation and absorption, will be returned to same drainage system ~~to which it would have migrated if not appropriated and used for the~~ purposes herein set forth.
Describe in same manner as point of diversion.

(g) State number and kinds of animals to be watered

(h) Use will begin about January (Month) and end about December (Month), of each year.

(i) Remarks This spring is located upon U. S. mineral land and insofar as can be ascertained there are no outstanding appropriations for the use of this water. The land upon which this spring originates and is located is now held under placer mining location and applicant holds permission from the locators to appropriate this water.

DESCRIPTION OF PROPOSED WORKS

The water is to be taken at the spring source by pipeline (4" or less) for

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water

approximately 4060 feet to a storage tank on the Juniata pat. lode min. claim

is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

(Survey 43A) over a course of approx. S. 58° 40' W. and said water will be discharged into said storage tank. Said storage tank is situated on that part of said claim which is situated in Lot 8 (SW¼ of SE¼) of Sec. 17, T. 5 N., R. 28 E, MDBM.

5. Estimated cost of works $5,000.00

6. Estimated time required to construct works one year

7. Remarks Three maps are attached; one being a print of Secs. 16 & 17, T. 5 N., R. 28 E., made from the record in the office of the Surveyor

For use of applicant

General of Nevada; one map being of Secs. 16 & 17, T. 5 N., R. 28 E. MDBM, made by U. S. Surveyor General for Nevada, the ink notations and sketches thereon are made by applicant; and one being official water survey map (original linen) by Ed. S. Giles, State Water Right Surveyor.

SECURITY INDUSTRIAL CORPORATION, Applicant.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. It is understood that the One (1.0) cubic foot of water per second herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One (1.0) cubic feet per second.

Actual construction work shall begin on or before July 23, 1943

Proof of commencement of work shall be filed before August 23, 1943

Work must be prosecuted with reasonable diligence and be completed on or before July 23, 1945

Proof of completion of work shall be filed before August 23, 1945

Application of water to beneficial use shall be made on or before July 23, 1946. Proof of the application of water to beneficial use must be filed with State Engineer on or before August 23, 1946

Map Filed SEP 16 1942

WITNESS MY HAND AND SEAL this 23rd day of January, 1943
