APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One & 35/100 cubic feet per second. (1.35)

Actual construction work shall begin on or before May 17, 1916.

Proof of commencement of work shall be filed before June 17, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before November 17, 1917.

Application of water to beneficial use shall be made on or before November 17, 1920. Proof of the application of water to beneficial

use must be filed with State Engineer on or before December 17, 1920.

Proof of labor filed JUL - 1 1916

WITNESS MY HAND AND SEAL this 17th, day

of January, 1916.

Wm. Kearney State Engineer.

Seymour Case State Engineer.

Cancelled because of failure of applicant to comply with provisions of permit.
