APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source. It is understood that the 0.25 of a cubic foot of water per second herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to beneficial use must be included in the proof of such use when filed. Should the use of water under this permit interfere with any prior stockwatering rights the permittee under Permit No. 11108 must make proper provisions so that such rights are maintained. The State reserves the right to regulate the use of the waters herein granted at any and all times. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.25 of a cubic feet per second.

Actual construction work shall begin on or before July 15, 1945

Proof of commencement of work shall be filed before August 15, 1945

Work must be prosecuted with reasonable diligence and be completed on or before July 15, 1946

Proof of completion of work shall be filed before August 15, 1946

Application of water to beneficial use shall be made on or before July 15, 1947. Proof of the application of water to beneficial use must be filed with State Engineer on or before August 15, 1947

WITNESS MY HAND AND SEAL this 15th day of January, 1945

Alfred Merritt Smith
State Engineer.

Map filed July 17, 1944

Proof of commencement of work filed APR 23 1945

Proof of completion of work filed APR 23 1945

Cancelled SEP 15 1950 because of failure of applicant to comply with the provisions of permit.
