APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing appli-  
cation, and do hereby grant the same, subject to the following lim-  
itations and conditions:

This permit is issued subject to all prior rights on the source and  
subject particularly to the right acquired under permit No. 3622, granted  
by this office. A standard headgate and weir must be installed at or near  
the point of diversion to facilitate the measurement and control of the water.  
The State reserves the right to regulate the use of the water herein granted  
at any and all times. It is distinctly understood that applicant agrees  
to the terms herein contained.

The amount of water to be appropriated shall be limited to the  
amount which can be applied to beneficial use, and not to exceed  
0.125 cubic feet per second. (One-eighth)

Actual construction work shall begin on or before October 27th, 1917.

Proof of commencement of work shall be filed before November 27th, 1917.

Work must be prosecuted with reasonable diligence and be completed  
on or before October 27th, 1919.

Proof of completion of work shall be filed before November 27th, 1919.

Application of water to beneficial use shall be made on or before  
October 27, 1920. Proof of the application of water to beneficial

use must be filed with State Engineer on or before November 27, 1920.
